The Capital Mineral Club meeting is **November 13th 2021** at the **Sno-Shaker's** building in **Canterbury, NH.**

Plan is to start arriving around 12 noon with meeting to begin at 1:00.

We would like to thank the following for refreshments for the October meeting:
Collin Boutin, Jen Briggs, Heidi Chaney, Julie Jewett, Joe Giaquita.

The November speaker will be **Jim Young**, he will be giving a presentation on the geology and mineral-forming processes of the copper deposits of the American Southwest (and elsewhere).

In preparation, members should come to the meeting knowing what a "porphyry" is, if you want to dig a little deeper, find out what "hypogene" and "supergene" mean. For bonus points, find out about molybdenum."
